IFP \$500,000 PRO FOOSBALL TOUR!

A NEW BEGINNING FOR THE IFP PRO TOUR

September 29, 2011 IFP announces to the local Players at Silver Q in Lexington, KY. that the Tornado World Championships and the Hall of Fame will now be a part of the IFP Pro Foosball Tour. With these two events added to the pro tour schedule, IFP will hosting a half Million Dollar tour for the 2011 tournament year.

This will be the 19th year that I have been promoting Professional Foosball Tournaments. I am honored to be in charge of the Pro Players Tour!!! That is right it is the players tour. I have put committees in place for you the players to reach out to for information and to be heard. We need your help and support to continue to grow the tour. With a lot of hard work we can get our tour back to the quality and size that it once was many years ago. IFP, Players and Tornado will all have to work together to make this sport successful. We all have a very important role I am 100% committed to do my part and I appreciate everyone that puts their time and effort into our sport.

What role can you play?

Tornado - To build a consistent quality table that is available for the Pro Tour. To organize a league system that is fun and affordable and attractive to new players.

IFP - To run a professional fun tour. To maintain an accurate points rating system. To help local promoters and operators. To give the players a voice in the sport. Publish the Pro Players Magazine. To help organize committees and to help get sponsorship money to alleviate tour expenses for the players.

Players - To run grass roots promotions that will bring new players into the sport, get involved with leagues and to support the Pro Tour.

Changes Set in place for growth!

I expect rapid growth in the next few years. With this there needed to be a few changes made in the number of divisions that we host at our events.

With USTSA points and IFP points merged together we have came up with six rankings . We will only be hosting four divisions at the major tour stops. This will be Amateur, Expert, Pro, and Open. At local and state tournaments we will host Beginner events. To play in beginner events players must be residents of the local host state . We will offer Beginner entry fees at all the majors.

Grand Master is the best of the best with some very nice rewards. The race is on to see who becomes the first IFP PRO TOUR GRAND MASTER the race starts at the TKO! IFP Grand Masters will receive free registration at all IFP events plus a welcome gift. Plus other benefits will be put into place. It is time to start treating our super stars like true VIPs of the sport.

IFPPT PLAYERS YEARLY MEMBERSHIP DUES

USTSA DUES WILL NOW BE IFPPT DUES. THIS IS A ONCE A YEAR FEE ALL PLAYERS MUST PLAY IN ORDER TO COMPETE ON THE IFP PRO TOUR. THESE DUES HELP COVER THE EXPENSES ON THE TOUR SUCH AS PLAYERS MAGAZINE, MARKETING AND ETC.

IFP AND USTSA POINTS MERGE

The biggest and best change for the sport is that we now have one ratings system. It is our goal to properly rate all players. We have put in place a fair rating system that will allow you to develop your game before moving up in rank. We have a points committee set in place. If you have any questions about your points email ifpprotourinfo@gmail.com. We will direct your question to the points committee and they will address each players individually. We will notify you of any changes or decisions made by the committee.

Let me explain the new categories. We have only new players that were new to the sport and had finishing results that proved they are new to the sport as our beginners. We have done away with Rookie title and have titled this division Amateur. We have done away with Semi Pro title and now call it Expert. We kept Pro and Master. We brought the players points together and merged the divisions together to create four divisions for the tour.

The new point system is easy when you place 9th or better in open events you will gain points. These points will change after each event. In all other rated events you will gain your points or lose them for the year and will be up dated yearly. Auto Bump will be in place for players placing in higher rated events then their ranking. A player will only lose points if they are out in three matches or less in their own division. A lower ranked team can not lose points in a higher ranked division. The bracket size determines the number of points you gain starting at 9th or better. The point value will be higher at larger events.

We took players IFP points and USTSA points and merged them together. Did a final reset and according to where your new points ended up at is how you received your current ranking.

We will now use IFP PRO TOUR RANKINGS (IFPPT)

OLD USTSA POINTS	NEW IFPPT POINTS
	BEGINNER 700 & LOWER
AMATEUR 700 - 1199	AMATEUR 701- 1299
SEMI PRO 1200 -1799	EXPERT 1300 - 2299

Here is what's going on!

Hello Players,

Mary has asked me to write a few lines to talk about 2011 ... Thanks Mary for the opportunity ... so here I go! I am sure by now, that all of you know about Kelye Stites buying Tornado in May of 2009. Bringing the manufacturing facility back to Texas and re-gaining quality control was job one. As always, we will be looking to make our tables better, over the last year you have seen a big improvement in the consistency of our tables. We will continue to work on our processes and suppliers to deliver the very best table possible.

At last year's Worlds you saw the start of the transition of our on site management of our two tour events to Mary's IFP staff. Our goal is simple; build the best table while at the same time support promotional efforts on two fronts.

Pro Tour: Provide tables and support to the IFP to provide a tour where players of the highest caliber can highlight their talents and give young players the chance to rub elbows and compete against the very best players in the world.

TFL Leagues: Provide support to local promoters to grow a player base to sustain and grow the sport of foosball.

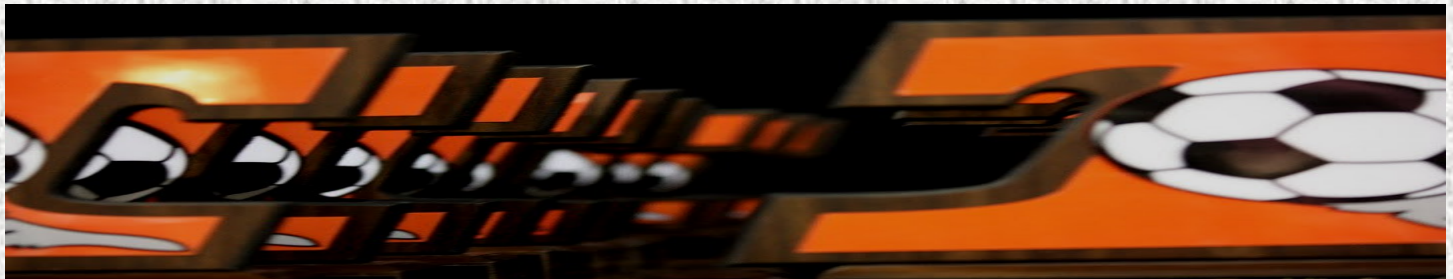

These two efforts are so entwined one cannot survive without the other. Neither can survive without your help. Here are a few things that we are doing this year that I feel will go a long way to see growth of the league / promoter program and the tour as well.

Tour ... along with Mary's involvement, securing hotel contracts for 4 years in Vegas and Dallas for the Kickoff and the World's events.

TFL Leagues ... for the first time have a "stand alone" league championship in Vegas in conjunction with the pool league championships. Seek out promoters at the grass root level and develop programs to assist them grow the player base and help get them tables to run promotions on.

But the most important element in this is as it always has been is you. We need your help. If you are interested in being more involved in growing our sport please get in touch with us. E-mail me if you are, or if you want to promote foosball in your area. I need to know who you are ... I need to know how I can help you do a better job. Leagues are a good thing ... you need to understand them better ... so you can use them to grow the player base to foosball moving again. We need to generate a new player base while at the same time re-introduce the game to the player base that is already out there. Email tornadofoosball@valley-dynamo.com

Lots of good things are in the works for 2011 ... I urge you not to sit on the side line and complain about what is going on ... but get involved and be part of the resurgence of the game you love. I am looking forward to hearing from you soon and seeing you at an event soon.
Dave Courington

Message from your IFP Points Committe!

Hello fellow foosball players. Some of you already know me as the old style foosball player who won't stop shooting that weird back-pin shot. For my day job, I am what you might call a number cruncher and when Mary tapped me to volunteer for the "Points Committee" I agreed so long as the committee would be looking into making improvements to the point system.

In my opinion, any new point system should feature painless administration and be incorporated into tournament software for year around updates. It must provide access to local promoters and tournament directors. It must be transparent and easy to understand. The retiring IFP point system of giving bonus points to top finishers and taking points away from those with early exits needs some improvements but is basically a good starting point. Over the next month, the committee will be looking into improvements such as:

Stop automatically taking points away from those who go out in 2 or 3 rounds. Most of these players are supposed to lose early so instead, focus on players who exit before they are supposed. In other words, do not punish players for their skill level but rather punish them for failing to live up to their skill level or at least their seeding. At the same time, identify those who do better than expected and reward them with earned points even if they do not finish in the money.

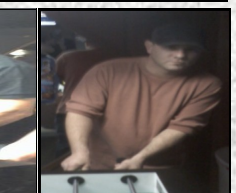

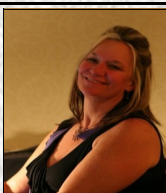

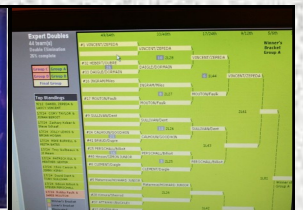

Establish a formula for measuring the strength of an event based on the number of players and the quality of the players who are in the event so the points awarded to the event winners are based on the overall strength of the competition. This is an important step in trying to bring local and regional events online into the same database as national events.

Make it simple enough so it does not require heavy investment into software development or lock out non-IFP events. The system must have an easy interface with other sophisticated as well as not so sophisticated software.

The committee will provide additional detail as these ideas are further developed into a working system.

Happy holidays!
Ahmad Shadman

USA WORLD CUP MEN'S CHAMPIONS BACK TO BACK

With the World Cup of table soccer approaching soon I find myself reflecting on the great experience I had over in France the past two years. Being selected to compete in the world cup for team USA was a huge honor and I feel very lucky to have been chosen as team captain as well. It really didn't matter which one of us it was since this team didn't really need a captain. Everyone was so professional and got along so well that it made the whole trip and experience that much more enjoyable.

The thing I'll probably remember most about the trips over are the players. Not only from our team but, all over the world. Even though there were many different languages and cultures represented there we all had the same love of foosball or babyfoot as it's called in France. It was amazing how that creates a sort of brotherhood or bond amongst all players no matter where they live. I have made many friendships from these trips that I will always cherish.

Another thing that sticks with me was just how professional the set up was and the great lengths that were taken to promote the event and make it a first class production. There were banners and posters all over town advertising the event and the posters had a great big picture of Ryan Moore and Rob Mares that was taken from one of their matches the previous year. They were recognized all over town by the locals when they went out to eat or back to their room. Pretty cool!

I could go on forever about the fun we had winning the team event or the thrill Tracy and I got from winning the doubles event but, I would really like to thank all of team USA for making this a big big highlight for me in all the years of playing this game. I found myself in awe of the talent, effort and team unity my teammates exhibited throughout the event. Also, the support we received from everyone there from the US was incredible.

Even though I won't be attending this year I will be thinking about it and wishing team USA the very best and rooting for them to bring home the Cup again for USA. We have a great group going over again that will represent every foosballer over here well and make us all proud. Don't forget to have fun and take a lot of pictures.

RYAN "MIND GAMES" MOORE INTERVIEW

This is an interview with Ryan Moore Professional Foosball Player. Ryan has had an amazing career in our exciting sport. At the age of 21 Ryan has an very impressive resume with 2010 being the one of the best years of his career. Ryan won four of the most prestigious events of the year. ITSF Worlds Open Singles, Tornado Worlds Open Singles, ITSF World Cup Men's Team Event and the First ever North American Cup Team Championships. Here is some insight on his game and his incredible year of foosball.

QUESTION: For the players out there that have not had a chance to watch you play. What is your primary shot From the Front position? What is your secondary shot? And From the back position what is your primary shot and secondary shot?

ANSWER: My primary shot in the front is the snake shot. But lately for some reason I can see pull shot holes better. The pull shot is my secondary and it is actually been my primary for a lot of the year. In the goalie position is definitely my pull shot. As for my secondary goes, pretty much any shot I see that is not a pull. Like pull kicks, push kicks, and push shots etc.

QUESTION: Your year started at the ITSF World Championships in Nantes France. You won Open Singles defeating Frederico Collignon in the finals on Tornado and Roberto Sport. What was your secret for beating Frederico Collignon?

ANSWER: Well we all have secrets but I had a few mental notes. I think what won it for me more than any thing was the determination and I was fully focused. Thinking about every ball, every possession. Then what it came down to was imputing my thoughts in the match. This can be a challenge. Sometime your hand just won't mind you. I wanted to take the title back to USA baby!

QUESTION: Do you consider this your biggest win in your career?

ANSWER: Yes it very well be, but my biggest win, but open singles at Tornado Worlds was what I always dreamed of winning.

QUESTION: USA Men's World Cup Team won the gold for the second year in a row. How did it feel being apart of the team?

ANSWER: Its a great experience. You feel pressure you never felt before. Then at the same time it felt awesome to have all the greats of the game for you. Usually we were all competing against each other but now we were all for each other.

QUESTION: How do you master your game with 1000 spectators, That seems to be a lot of pressure to over come?

ANSWER: Yes and no, I love the pressure of the crowd. There is nothing like dropping one from the tow bar in front of there whole country. I thrive off of it.

QUESTION: At Tornado World Championships you defeated many great players shooting your pull shot. Why did you decide to go with this shot.

ANSWER: I decided to go to the pull in almost every match that I played in Open Singles. I wasn't getting good percentages early on in a lot of matches and I'm not gonna beat the best in the world scoring 40% So I chose my pull shot and scored 80 - 90%. This is the reason I won this year. And some good defence helps every now and then.

QUESTION: This was your first Tornado World Championships Open Singles Title. What did you do to prepare for this event.

ANSWER: I actually didn't practice as hard as previous years. Sometimes I'll get to syked for worlds and it actually hurts my game. This year I relaxed and I already knew all I needed to know to beat the best I just had to make it happen.

QUESTION: Now that IFP has the World Championships, I feel we need to make some changes in the way we do finals at the worlds. What would you like to see happen at next years worlds for Open finals?

ANSWER: The finals should be the main event. No body should be able to play while finals are being played. Everybody should be in the stands rooting them on. Each game that is won should be announced over the intercom. Music should be played between games. Your score boards are already a nice feature. There should be champagne for the winner and world title rings should be awarded to the winners.

QUESTION: What an amazing year you have had. In your own words some up your 2010 career in foosball.

ANSWER: 2010 was definitely the peak of my foosball career! All I ever wanted was a world Open title. Watching the greats of the game for the last 10 years has inspired me to be all I could be.

I want to thank Ryan for his time for this interview an for being such a great role model for our sport and of course being such a great son. I know he will have a long career and will continue to do well at everything that he chooses to do in life.

Official's Corner by IFPPT Head Official Arthur Mitchell

For the IFPPT, certifying officials will involve a more comprehensive process than in the past. As before, there will be a written test, which will require a score of 80% or better to be considered passing. For those players who pass the written test, there will now be an additional field test. I will select a few players to engage in a simulated match and instruct them to intentionally perform a series of rules violations. The prospective referees will be officiating these simulated matches and will be expected to make calls as if it were a real match and will be graded on their performance. Taking the written test shall remain free of charge, but there will be a fee associated with taking the field test.

The fee officials charge for a match remains the same, but there is often confusion about the formula, so I'll try to explain it again.. The formula is \$1 x (the number of potential games left in the match) per player. So, let's assume that an official is requested in the 2nd game of a 3/5 doubles match. There are potentially 4 games left in the match, so the official receives \$4 per player = \$16 total.

The ITSF Rules will be in effect for 2011 IFPPT Tournaments with the following exception: 1. The Dress Code. All Players are expected to dress proper at all times in all events. In Open events as you reach 12th or better you must have a collared shirt on or proper sporting attire. No midriff shirts, no halter tops, no halter tops, Jeans are allowed but must be neat in appearance and no holes in them. All pants must be worn above the waist. No flip flops, you must wear shoes. All other type of sandals are allowed.. Absolutely no profane shirts of any type. Please dress proper, penalty for not following the dress code is 1. Warning and you must change into something proper. 2. Failure to comply will result into forfeiture of the match.

Please study the rules at www.table-soccer.org. We will be holding clinics at the following tournaments.

Tour Kick Off January 28th 11:00Am, Hall of Fame March 10th 11:00AM, US Open April 28th 11:00AM and at Kentucky State, August 5th, 11:00AM.

You must be IFPPT certified to officiate at IFP events. Everyone must pass our test and the Field test in order to officiate matches. Once you pass the test you will receive an officials card and you must have it on you at all times to show Proof you are an IFPPT Certified Official.

A personal note from Me to You.

I am very thankful and honored to be in charge of OUR Foosball tour. I must be careful and take baby steps to correct the problems from the past and to move forward. I need your patience and participation in order for this to work. If we all work together we can make this and affordable, rewardable and exciting tour.

Step one: to provide well ran tournaments on a great table (that's the easy part)

Step two: to increase the attendance in order to lower entry fees. (this is where you the players come in and hopefully do your part)

Step three: Make our sport attractive for sponsors (that is all of our part)

Step four: when all of the above happens we can have great pay outs low entry fees and a lot of fun!

This will take us all working together.

I want to give special thanks to the following people for helping make the IFP Pro Tour happen. They are the back bone of our tour.

Tornado/Valley Dynamo: Dave Currington, Link Pendley, Kelye Stites, Gregg Elliot, Brian Elliot

MEDALS AND TEAM CUP WILL BE AWARDED TO THE NORTH AMERICAN CUP STATE TEAM WINNERS!

NORTH AMERICAN CUP RULES

TEAM REQUIREMENTS: Each team, Open and Amateur shall be made of six team members with up to two alternates and one coach.

TEAM REQUIREMENTS WOMEN'S: Women's team shall have a minimum of four members and a maximum of six. Up to two alternates & one coach.

ALTERNATES: Once an alternate is placed on the team event form, the alternate must play out the entire match. The team member that was replaced must sit out the entire match. An alternate can be substituted during the match if a team member becomes ill. If this occurs the member that had to be replaced will be out for the rest of the match.

TEAM STATE RESIDENCY: All members of a team must have been a resident or co resident of that state for at least six consecutive months. Must have a valid ID and must possess a recent bill with his name and address on it. These proofs of residency must be shown at registration.

CHARTS: The charts shall be a random draw, with no seeding. It will be single elimination.

MATCHES: Matches shall be played in this order Doubles, Singles, Doubles, Singles, and Doubles. The first Doubles and Singles matches shall go at the same time. All games except tie breakers shall be to five. The third game of each set shall be win by two points up to eight points. All matches shall be played no matter the game wins. Total points shall determine the winner of the match. The team with the most points shall advance on the chart. In case of a tie a singles match one game to seven win by two shall be played. A tie breaker name must be written on the match form before the match starts. Tie breaker players cannot have already played a singles set during the match. All matches will start on time. Recall procedure will be strictly enforced. ITSF rules of play apply. IFP points will be used to determine rankings.

EVENT FORMS: All event forms must be filled out in full prior to the start of a match. Be sure to write the tie breaker player on the form before the match starts. The teams are responsible for checking the charts and completing their event form before the start of the next match.

OFFICIALS: If an official is requested, then one member from each team not playing in the match will have to officiate the match together. For Semi Finals and Finals, IFP will assign head officials to officiate the match. This is not an option; these matches will have Pro Certified Officials.

REGISTRATION FORMS: All forms must be filled out completely and turned in by July 1, 2011 by 10:00PM. Only cash and money orders made out to IFP shall be accepted. You may pre Mail check/money order and forms to Mary Moore, 281 Melbourne Way, Lexington, KY. 40503 Questions? Call Mary 859-312-2664 or email ifpprotourinfo@gmail.com

TEAM FEES: Open team fee is \$120.00. Amateur fee is \$120.00 Women's fee is \$80 which helps cover awards.

TEAM REGISTRATION: The captain of each team must sign in July 1, 2010 by 9:00 AM. He shall bring his entire team in uniform to the tournament room, by 9:45 AM. If there is more than one team representing a state then we will have a single elimination play off to determine the team to represent that state. Only one team in each division can represent a state.

OPENING CEREMONY: The State Teams shall be lined up and then each team shall be introduced up on the stage during opening ceremonies.

UNIFORMS: All teams must have team uniforms. Each uniform must have the players name, city and state on the front. Centered on the back must be the state's name. Team jackets and pants are suggested but not required. Teams with sponsors may display their sponsor's sign at the end of their table during the match.

STATE FLAG: State flags are recommended but not required. If a team has a flag it should carry it across the stage during the introductions.

DISPUTES: All disputes shall be submitted in writing to the head official for the North American Cup. After a review of the situation, the head official and tournament director will make a final ruling. All final rulings are final.
